This is a list of English prepositions. Many English prepositions are compounds of bare roots and affixes such as a-, be-, -side, and -st, giving English a relatively high number of morphemically distinct prepositions. However, these processes are no longer productive, and many of these prepositions have fallen out of use or become limited to a certain dialect.

English grammar is the way in which meanings are encoded into wordings in the English language. This includes the structure of words, phrases, clauses, and sentences, right up to the structure of whole texts.. There are historical, social, cultural and regional variations of English. Divergences from the grammar described here occur in some dialects. ...

English is a West Germanic language that was first spoken in early medieval England and is now a global lingua franca. Named after the Angles, one of the Germanic tribes that migrated to England, it ultimately derives its name from the Anglia peninsula in the Baltic Sea. It is closely related to the Frisian languages, but its vocabulary has been significantly influenced by other Germanic ...
