

25 map crosswords answers pdf

A crossword is a word puzzle that usually takes the form of a square or a rectangular grid of white-and black-shaded squares. The game's goal is to fill the white squares with letters, forming words or phrases, by solving clues, which lead to the answers. In languages that are written left-to-right, the answer words and phrases are placed in the grid from left to right and from top to bottom.

Crossword - Wikipedia

Actually, the earth's magnetic field lines tend to dive into the ground toward the pole, so compasses designed for the northern hemisphere have extra weight on the south end of the needle to compensate so the needle stays level.
