iOptron SkyGuider Pro polar scope question - posted in Mounts: I am thrilled to have a my first tracker, the SkyGuider Pro, for astro, solar, and lunar DSLR photography. However, I have noticed that the AccuAlign polar scope is \*not\* well aligned with the RA axis. When I rotate RA to bring 12 to the top, there is significant wobble of the circular reticle.

Celestron CPC 9.25 on HD PRO Wedge - posted in Celestron NexStar : I have a Celestron CPC 9.25 ALT/AZ Fork mount with heavy duty tripod purchased in 2006. I recently began trying astrophotography with Canon EOS DSLR and the Revolution Imager 2 webcam. I am considering the HD PRO Wedge to get longer exposures. I am hesitant because I have seen quite a bit of unfavorable commentary on the wedge.

Thoughts on Auto-Guiding. Here are some of my thoughts and bits and pieces collected from around the web

on auto-guiding. Like many people I've pondered on what the 'correct' value of the focal length of a guide-scope should be.

In November 2002 I received a Meade LXD55 8" Schmidt-Cassegrain with UHTC through Oceanside Photo and Telescope. I then started this web site to provide support for LXD users as I do for ETX users on my ETX Site.. In January 2008 I placed an order for a new LXD75-8"SC to replace a stolen one. After waiting for over two months I finally gave up and switched my order to a 8" LX90-ACF (Advanced ...

IMX385 Sensor. 8.35mm diagonal, approximately 2.12 megapixels. High sensitivity with 3.75 $\mu$ m pixels. Sony developed the IMX385LQR CMOS image sensor for industrial applications but it's sensitivity is nearly twice that of the sensor it replaces (IMX185LQJ) so is an excellent choice for astrophotography.

Astrophotography is a specialized type of photography for recording photos of astronomical objects, celestial events, and areas of the night sky. The first photograph of an astronomical object (the Moon) was taken in 1840, but it was not until the late 19th century that advances in technology allowed for detailed stellar photography. Besides being able to record the details of extended objects ...
