History. From 1980 to 1983, the Denver Regional Council of Governments (DRCOG) investigated six areas for a new metro area airport that were north and east of Denver. In September 1989, under the leadership of Denver Mayor Federico PeÃ±a federal officials authorized the outlay of the first \$60 million for the construction of DIA. Two years later, Mayor Wellington Webb inherited the megaproject ...

Denver International Airport - Wikipedia

An airport is an aerodrome with extended facilities, mostly for commercial air transport. Airports often have facilities to store and maintain aircraft, and a control tower. An airport consists of a landing area, which comprises an aerially accessible open space including at least one operationally active surface such as a runway for a plane to take off or a helipad, and often includes adjacent ...

The purpose of zoning is to specify allowed uses on parcels, development standards and to implement the policies of the General Plan. Various land uses are grouped into general categories or "zones" such as agricultural, residential, commercial, industrial, etc.

Zoning Ordinance - Butte County, California

Denver's public transportation is easy, inexpensive and convenient. You can get pretty much anywhere in The Mile High City by rail or bus, and often get there faster than by car.
