

alcl 6h o ki pdf

This is a list of common chemical compounds with chemical formulas and CAS numbers, indexed by formula. This complements alternative listing at inorganic compounds by element. There is no complete list of chemical compounds since by nature the list would be infinite.

Glossary of chemical formulas - Wikipedia

This is a list of CAS numbers by chemical formulas and chemical compounds, indexed by formula. This complements alternative listings to be found at list of inorganic compounds, list of organic compounds and inorganic compounds by element

La solubilité est exprimée en g/l en grammes de soluté par 100 grammes de solvant.. Cette liste répertorie les solubilités dans l'eau (en g/ 100 g H 2 O) de substances salines en fonction de la température sous une pression de 1 atmosphère. Pour les produits peu solubles, le pKs à 25 °C est donné. La liste est triable par anion et cation afin de faciliter les comparaisons ...
