The guinea was a coin of approximately one quarter ounce of gold that was minted in Great Britain between 1663 and 1814. The name came from the Guinea region in West Africa, where much of the gold used to make the coins originated. It was the first English machine-struck gold coin, originally worth one pound sterling, equal to twenty shillings, but rises in the price of gold relative to silver ...

Samuel Noah Kramer translated a text that he described as a Sumerian Job text starting on page 127 of his book The Sumerians, Their History, Culture, and Character, 1963.

Sumerian Questions and Answers

The Global Health Histories project was established within the WHO headquarters and regional offices in late 2004. Its mission is based on the principle that understanding the history of health, especially during the last 60 years, helps the global public health community to respond to the challenges of today and help shape a healthier future for everyone, especially those most in need.
