

business data communications international pdf

City & Guilds English for Business Communications is a realistic and innovative exam based on a simulation approach. The candidate is placed in the role of a business person who finds a set of authentic-looking communications - letters, faxes, emails - in their in-tray when they come into the office in the morning.

English for Business Communications (EBC) qualifications

Business intelligence (BI) comprises the strategies and technologies used by enterprises for the data analysis of business information. BI technologies provide historical, current and predictive views of business operations. Common functions of business intelligence technologies include reporting, online analytical processing, analytics, data mining, process mining, complex event processing ...

Together, Let's Build Airline Retailing. NDC (New Distribution Capability) will enable the travel industry to transform the way air products are retailed to corporations, leisure and business travelers, by addressing the industry's current distribution limitations: product differentiation and time-to-market, access to full and rich air content and finally, transparent shopping experience.
