

california internet voting task pdf

The Internet Engineering Task Force (IETF) develops and promotes voluntary Internet standards, in particular the standards that comprise the Internet protocol suite (TCP/IP). It is an open standards organization, with no formal membership or membership requirements. All participants and managers are volunteers, though their work is usually funded by their employers or sponsors.

Internet Engineering Task Force - Wikipedia

The idea of conducting elections entirely via the internet is not something states are considering now or in the near future. Many states, however, are allowing certain voters to submit their absentee ballots electronically. Sending voted ballots electronically "via fax, email or web portal" is ...
