

capital markets institutions and pdf

Equity capital is raised in many ways; the major types of equity capital are unlisted equity, listed equity and hybrids. Equity capital market practices traditionally advise on a full range of equity, debt equity-linked, hybrid, asset-backed, credit-linked and derivative products that are offered in capital markets.

A bank is a financial institution that accepts deposits from the public and creates credit. Lending activities can be performed either directly or indirectly through capital markets. Due to their importance in the financial stability of a country, banks are highly regulated in most countries. Most nations have institutionalized a system known as fractional reserve banking under which banks hold ...
