For Declaration of Conformity see Conformance mark. Type Approval or Certificate of Conformity is granted to a product that meets a minimum set of regulatory, technical and safety requirements. Generally, type approval is required before a product is allowed to be sold in a particular country, so the requirements for a given product will vary around the world.

Type approval - Wikipedia

NOAA Fisheries works to ensure confidence in U.S. seafood by protecting and strengthening the seafood market through global trade, establishing partnerships with industry and consumer groups, providing seafood inspection services, and analyzing seafood safety risks.

A classification society (however called) is a non-governmental organization that establishes and maintains technical standards for the construction and operation of ships and offshore structures. Classification societies certify that the construction of a vessel comply with relevant standards and carry out regular surveys in service to ensure continuing compliance with the standards.
