THE KRIZNER GROUP is a full service law firm that concentrates its practice in assisting organizations both before and after disputes arise. The Firm's preventative services division aids clients in implementing policies and procedures that will help avoid costly lawsuits and other organizational problems before they occur.

Welcome - The Krizner Group

In computer engineering, microarchitecture, also called computer organization and sometimes abbreviated as μ arch or uarch, is the way a given instruction set architecture (ISA), is implemented in a particular processor. A given ISA may be implemented with different microarchitectures; implementations may vary due to different goals of a given design or due to shifts in technology.

How to register for C-CAT. Admissions to all PG Diploma courses of C-DAC are done through C-DAC's computerized Common Admission Test (C-CAT). Every year, C-CAT is usually conducted in June (for August admissions) and December (for February admissions).

Admission - Centre for Development of Advanced Computing

C-CAT has three sections (Section A, Section B, Section C) of one hour duration each. As shown in Table 1, depending on the category of courses selected by the candidate, he/she will have to either appear for just one test paper (Section A) or two test papers (Section A and Section B) or all the three test papers (Section A, Section B and Section C).
