Sprawls Global Collaborative Teaching Network. Learning physics is a natural human process by which a person can observe and interact with parts of the physical universe, such as x-radiation, and having an experienced physicist guiding the activity.. Teaching is the process of helping someone learn. There are typically two components of teaching.

A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.
