2. Identity dictates all the ways the brand appears to your audiences. Identity “ or visual identity, or visual identity system, or brand identity system “ is a package of visual devices that an organization uses to communicate the brand, such as graphic imagery, a color system, fonts and yes, a logo. The system may or may not also include collateral such as stationery, brochures and ...

A sound trademark is a trademark where sound is used to perform the trademark function of uniquely identifying the commercial origin of products or services.. In recent times, sounds have been increasingly used as trademarks in the marketplace. However, it has traditionally been difficult to protect sounds as trademarks through registration, as a sound was not considered to be a 'trademark'.
