

dupont industrial biosciences and pdf

DuPont Industrial Biosciences is a global leader in industrial biotechnology. We develop and market enzymes and other bioactives, biomaterials and process technologies to improve performance and reduce environmental impact across a range of industries.

DuPont Industrial Biosciences - Enzyme Innovation

At DuPont Industrial Biosciences, we develop the essential innovations for society to thrive - helping our customers in a range of industries improve the sustainability and efficiency of their processes, and make products that are better, safer, and cleaner. The catalysts we create in the lab become catalysts for living a more sustainable life.
