Systems Management Education Council (FSMEC) and National Association of College and University Food Services (NACUFS) who jointly seek to support educators, researchers, operators, and students with current research and effective teaching strategies in foodservice systems management and education.

Journal of Foodservice Management & Education

Book Description: Basic Kitchen and Food Service Management is one of a series of Culinary Arts open textbooks developed to support the training of students and apprentices in British Columbia's foodservice and hospitality industry. Although created with the Professional Cook, Baker and Meatcutter programs in mind, these have been designed as a modular series, and therefore can be used to support a wide variety of programs that offer training in foodservice skills.
