

global political economy john pdf

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word ...

This part of the globalissues.org web site looks at the conflict in the Democratic Republic of Congo. Media coverage is poor and yet there have been millions of refugees and over five million killed since the war began around August 1998. Yet the rich country leaders and their media drew everyone's attention to 2000 ethnic Albanians being killed in Kosovo (to gain support for a war there).
