Japanese is a synthetic language with a regular agglutinative subject-object-verb morphology, with both productive and fixed elements. In language typology, it has many features divergent from most European languages. Its phrases are exclusively head-final and compound sentences are exclusively left-branching. There are many such languages, but few in Europe.

4. Review this page on ser and estar and then try this quiz. Donâ€™t worry if you find it a bit tricky. The quiz will often use the same adjective but with two different verbs (ser and estar) with different meanings. Just remember that more permanent characteristics use ser, and more temporary conditions use estar. For example, Soy enfermo (I am sickly, more or less permanent condition); Estoy ...
