Oral history is the collection and study of historical information about individuals, families, important events, or everyday life using audiotapes, videotapes, or transcriptions of planned interviews. These interviews are conducted with people who participated in or observed past events and whose memories and perceptions of these are to be preserved as an aural record for future generations.

Tradition of Owner/Operators. Our franchisee tradition that started back in 1926 has been to have individual owner/operators who are well known and well liked within their communities, who take pride in owning and operating a successful Maid-Rite franchise restaurant. This business philosophy has and always will be the backbone of our franchisee network.

The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. The Indians introduced the concepts of medical diagnosis, prognosis, and advanced medical ethics. The Hippocratic Oath was written in ancient Greece in the 5th century BCE, and is a direct ...
