Imagine you're on a trail ride, spending several days in

The word "acupuncture" has raised, and lowered, many horse owners' eyebrows recently. Some people swear by it; others shake their heads. Regardless of the reaction, acupuncture has created great interest in the equine industry. Acupuncture (acus -needle, punctura -puncture) is defined as a technique for treating certain painful conditions.

Equine Acupuncture: The use of acupuncture in the

effects of specific acupuncture points, and these acupoints can be safely and effectively used in horses. Chronic diarrhea is also amenable to treatment by acupuncture. In these cases, specific motility points can be used in addition to those for treatment of the underlying cause.

Acupuncture in the Horse - roodandriddle.com

acupuncture has been found to be effective and safe for treating excessive or deficient ting point areas. This type of pressure is a non-invasive technique, which helps to stimulate the repair process. Ting point therapy can be used, not only for the treatment of injury, but to help maintain your horse's balance and well being.

Equine Sports Therapy

Acupuncture is firm, controlled and timed pressure applied by thumb, fingers, or elbow, on specific pain-causing "sore" spots of the muscles. No drugs or other medicines are used. "Sore" spots are actually a pattern of small knots, which constrict the flow of blood and oxygen, causing a painful muscle spasm.
