Indonesian Sociological Studies, Selected Writings of B

scarcity of theories pertaining to the study of mental health justifies the fact that less sociological research studies are being focused on mental health issues. As a result of fewer extant sociological studies on the issue, it appears logical that the influence of sociology on the mental health problems is not adequately recognized.

Modernity Theories and Mental Illness: A Comparative Study

17. Researchers in one study examined the effects of church membership, divorce, and migration on suicide rates in the United States and concluded using complex statistical techniques that suicide rates are typically higher where divorce and migration rates are higher and church membership is lower. This is an example of _____.
