Brian Donnelly (born 1974), known professionally as Kaws (stylized as KAWS), is an American artist and designer. His work includes repeated use of a cast of figurative characters and motifs, some dating back to the beginning of his career in the 1990s, initially painted in 2D and later realised in 3D. Some of his characters are his own creations while others are reworked versions of existing icons.

Street art is a form of visual communication that is often found in public spaces. It can be used to express political views, social commentary, or simply to beautify an area. Street art can take many forms, including graffiti, murals, and posters. It is often created by individuals or groups of artists who work together to create a piece of art that is both visually appealing and thought-provoking.

**4 into 1, 4 into 2, 4 into 3, 4 into 4**

The theory is that a 4 into 1 will give more top end power where the 4 into 2 will give more midrange.....in saying that i highly doubt you'd notice the difference & different pipes will give different dyno curves so IMO its not worth worrying about.....go with what you like the look of or ties in with your bike's style.
