I teach 7th grade Life Science, however, about 1/3rd of my students are reading at a 5th grade level or below (as measured by iReady). Students do not get their own textbook but we sometimes use the set of textbooks in the classroom (Science Explorer by Prentice Hall, 2000 and Exploring Life Science by Prentice Hall, 1995).

Evolution is change in the heritable characteristics of biological populations over successive generations. These characteristics are the expressions of genes that are passed on from parent to offspring during

reproduction. Different characteristics tend to exist within any given population as a result of mutations, genetic recombination and other sources of genetic variation.
