Mathematics education in Australia in upper Secondary School varies considerably between various states due to the different education systems in place in each state.

Mathematics education in Australia - Wikipedia

Discrete mathematics is the study of mathematical structures that are discrete rather than continuous. In contrast to real numbers that vary "smoothly", discrete mathematics studies objects such as integers, graphs, and statements in logic. These objects do not vary smoothly, but have distinct, separated values. Discrete mathematics therefore excludes topics in "continuous mathematics" such as ...
