

narratology introduction to the pdf

Narratology is the study of narrative and narrative structure and the ways that these affect our perception. While in principle the word may refer to any systematic study of narrative, in practice its usage is rather more restricted. [citation needed] It is an anglicisation of French narratologie, coined by Tzvetan Todorov (Grammaire du D cam ron, 1969).

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.
