Representative Bureaucracy and the Role of Expertise in Politics The vast majority of existing studies on bureaucratic representation focus on bureaucracies' permanent and internal staff. Yet, the rising sophistication of modern democracies and the technocratization of political life are gradually inducing an increased reliance on external experts to assist in the development and implementation of policy decisions.

Playing Politics. Politics is a multifaceted word. It has a set of fairly specific meanings that are descriptive and nonjudgmental (such as "the art or science of government" and "political principles"), but it can and often does carry a negative meaning closely related to these ("political activities characterized by artful and often dishonest practices").

Politics | Definition of Politics by Merriam-Webster

About Pew Research Center Pew Research Center is a nonpartisan fact tank that informs the public about the issues, attitudes and trends shaping the world. It conducts public opinion polling, demographic research, media content analysis and other empirical social science research.
