

science and religion 1450 pdf

Various aspects of the relationship between religion and science have been cited by modern historians of science and religion, philosophers, theologians, scientists, and others from various geographical regions and cultures. Even though the ancient and medieval worlds did not have conceptions resembling the modern understandings of "science" and "religion", certain elements of these modern ...

The relationship between the Catholic Church and science is a widely debated subject. Historically, the Catholic Church has often been a patron of sciences. It has been prolific in the foundation of schools, universities and hospitals, and many clergy have been active in the sciences. Historians of science such as Pierre Duhem credit medieval Catholic mathematicians and philosophers such as ...
