Socialist realism is a style of idealized realistic art that was developed in the Soviet Union and was imposed as the official style in that country between 1932 and 1988, as well as in other socialist countries after World War II. Socialist realism is characterized by the glorified depiction of communist values, such as the emancipation of the proletariat, by means of realistic imagery.

Socialist realism - Wikipedia

Socialist realism is the official Soviet art form that was institutionalized by Joseph Stalin in 1934 and was later adopted by allied Communist parties worldwide. This form of realism held that successful art depicts and glorifies the proletariat's struggle toward socialist progress. The Statute of the Union of Soviet Writers in 1934 stated that socialist realism

I. I decided to read Red Plenty because my biggest gripe after reading Singer's book on Marx was that Marx refused to plan how communism would actually work, instead preferring to leave the entire matter for the World-Spirit to sort out. But almost everything that interests me about Communism falls under the category of "how communism would actually work".
