

statistics for linguistics with pdf

The Faculty of Arts, Creative Industries and Education (ACE) brings together three highly successful and vibrant disciplines that are well-established within the University of the West of England.

Faculty of Arts, Creative Industries and Education - UWE

Corpus linguistics is the study of language as expressed in corpora (bodies) of "real world" text. The text-corpus method is a digestive approach that derives a set of abstract rules that govern a natural language from texts in that language, and explores how that language relates to other languages. Originally derived manually, corpora now are automatically derived from source texts.
