Toyota is excellent with their standard work. They use a series of worksheets to simplify the creation of these standards. These are sometimes also known as the " famous 3 slips ". The first one is a production capacity sheet to define what capacity you have available. The second one is a standard work combination table to define when the operator is doing what.

The Toyota Sequoia is a great vehicle for hauling around kids or friends. I feel like the conservative nature of Toyota has fallen behind the rest of the automotive industry in regards to adding new features and designs in a timely matter. They are letting their vehicles get long in the tooth by an average of 2.5 years and this is causing a large customer base to seek out other manufactures to ...
