The Complete Beginner's Guide to Autodesk Revit Architecture PDF book is an excellent and easy to follow text book, playing a significant role in my learning of Revit. Using the Guide in conjunction with the videos I have gained a far greater understanding and command of Revit than I received from two previous training courses I attended.

The Complete Beginner's Guide to Autodesk Revit

Are you new to Inventor? The Learning Path guided tutorials are a great way to get started. These tutorials introduce you to the basics of sketching, part modeling, creating assemblies, and then documenting your design in a drawing. You can access these tutorials by clicking the Learning Path in the Get Started tab, My Home panel on the ribbon.
